

Renew AND Rejoice

PROJECT: Cafeteria Renovation

The Cafeteria is another area that is beginning to show wear and tear from years of use. It is vital for Concordia Prep to update this space because it will improve our students daily experience here. This is also a primary meeting location for current and prospective families. Adding windows to space will brighten and reshape the function of the room will improve the flow of students in this space. As the school continues to grow, we also hope to hold school, alumni, and community events in that updated space, which will allow us to improve our relationships with alumni, increase our community connections and strengthen our congregational partnerships.

COST

**Installation of Windows
Along Back Wall:**

\$22,500

New Tables:

\$14,000
