

# Renew Rejoice

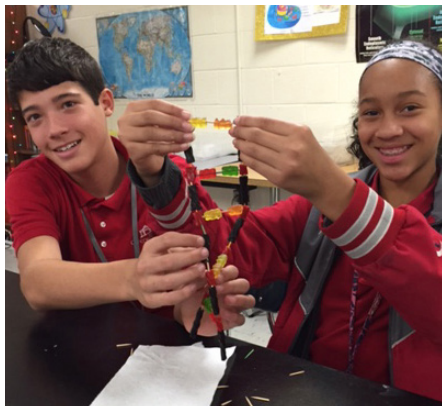

## PROJECT: Upper and Middle School Science Labs

The chemistry lab in Hofmeister Hall has not been updated since the building was constructed in 1965. The proposed renovation will improve both the form and function of the room. With the recent renovation of our art, math, and biology rooms, renovations to the chemistry lab will make all the Upper School science facilities state-of-the-art. Our increased emphasis on our STEAM programs makes it essential that we upgrade this room for current and future students.

In an effort to build our STEAM program our middle school, we need to invest in a renovation of the Middle School science classroom. An improved instructors' workstation, lab tables, and material storage will enable us to create the best learning environment for our middle school students preparing them for the challenging upper school curriculum.

3-D Rendering of Chemistry Lab Renovation

### Upper School Chemistry Lab Total Cost: \$85,000

- Science Lab Workstations: \$5,000 each
- Mobile Science Carts: \$1,800 each
- Science Lab Storage Cabinet: \$1,200 each
- Fume Hood: \$4,000
- Instructor Station: \$2,200
- Flooring: \$6,000

### Middle School Science Room Total Cost: \$30,000

- Instructors Custom Work Station: \$5,000
- Mobile Science Carts: \$1,800 each
- Science Lab Storage Cabinet: \$1,200 each
- Student Lab Tables: \$750 each
- Flooring and Paint: \$6,000

Construction will begin as soon as funds are available.
