

# Renew AND Rejoice

## PROJECT: Black Box Theatre Renovations and Dance Studio

Concordia Preparatory School has not had a permanent home for theatre productions in its 53-year history. While major productions will continue to be held in the main gymnasium until an auditorium can be built, the CPS Theatre Department needs a home for smaller productions and storage. Concordia Prep hopes to expand the performing arts offerings for students by adding a dance program, which will need its own dedicated space. The Dance and Theatre Programs are important for the school's admission efforts, helping to expand the opportunities for more students to be engaged and thrive at Concordia Prep.
